# WHO WE ARE?

At **Aptitude Digital**, great design is just the beginning.

We work with brands to turn ideas into intuitive and engaging digital experiences. From startups to established businesses, we build scalable design and development solutions that improve usability, visual clarity, and real business impact.

Our approach is simple understand user needs, solve meaningful problems, and create seamless digital experiences that drive engagement and growth.

Beyond the work, we are a passionate team focused on creativity, collaboration, and innovation, committed to building digital products that make a lasting impact.

20+

Designers, developers, strategists, and creatives working together to build user-focused, high-impact digital solutions.

5+

Countries served globally with reliable services, thoughtful design, and scalable digital products.

96%

Client satisfaction driven by clear communication, quality execution, and long-term partnerships.

At **Aptitude Digital**, we create user-focused digital experiences that solve real problems and drive growth.

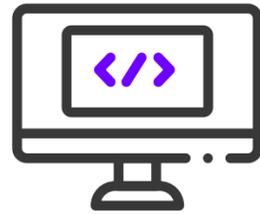

We partner with startups and established businesses to deliver intuitive, scalable design and development solutions.

- Digital solutions for 100+ businesses
- UI/UX designed across 80+ projects
- Products used by thousands of users
- 40+ startups supported from idea to MVP

We're just getting started continuously innovating and building digital experiences that make a real impact.

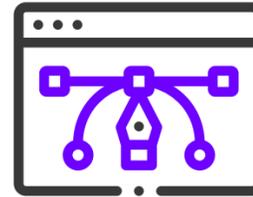

OUR CORE  
**SERVICES**

## Website Development

Custom websites that deliver seamless user experiences, enhance engagement, and drive business growth.

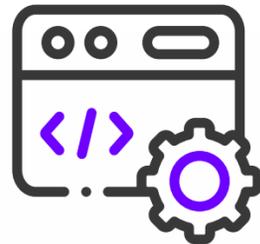

## UI/UX Design

Create intuitive, user-centric designs that enhance customer satisfaction and drive conversions.

## App Development

Build innovative, high-performance mobile apps that engage users and scale with your business.

## Software Solutions

Tailored software solutions designed to optimize operations, enhance efficiency, and empower your business.

## E-Commerce

End-to-end e-commerce platforms that provide a seamless shopping experience and boost sales.

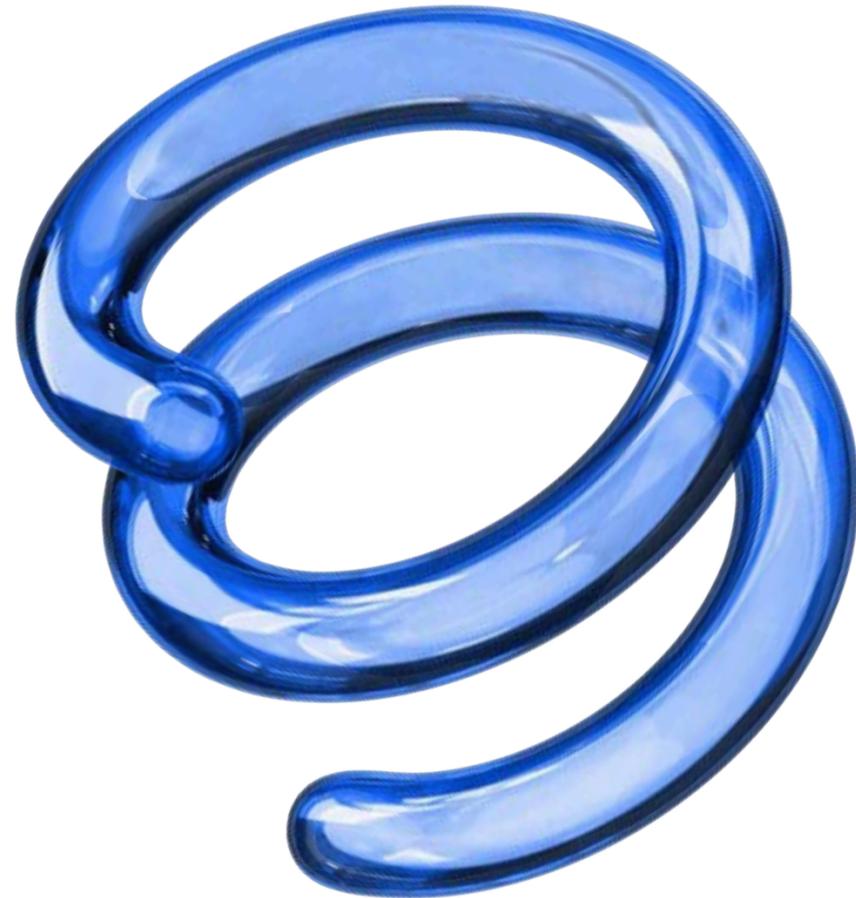

## MVP Development

Transform your vision into reality with our expert MVP software development services.

**APPROACH**

At **Aptitude Digital**, we don't just design we create digital experiences that leave a lasting impact.

We take time to understand your brand, goals, and users. By combining strategy, creativity, and user-focused design, we build experiences that are clear, engaging, and built for real results.

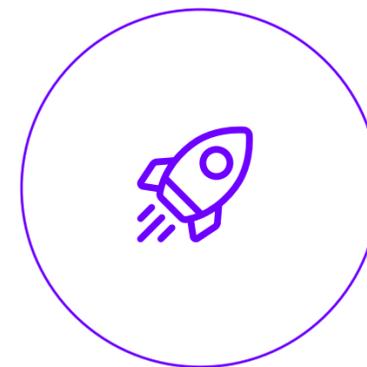

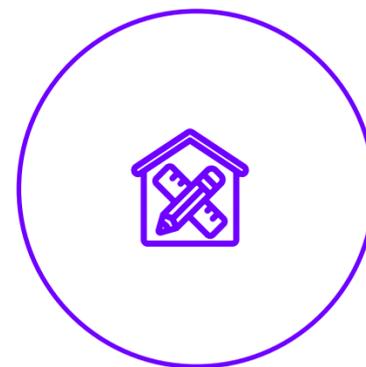

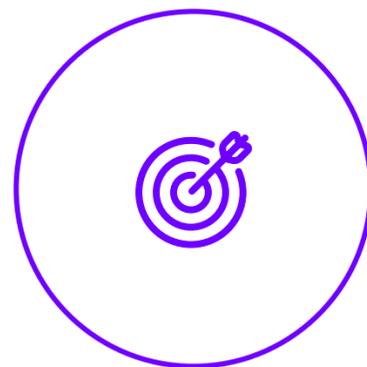

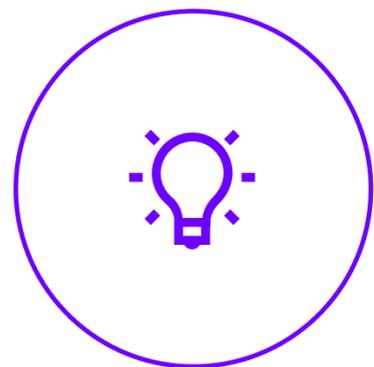

From early concepts to polished interfaces, we work as your design and development partner solving challenges, refining interactions, and delivering seamless digital solutions. With a strong focus on quality and innovation, we help brands stand out and grow in the digital space.

OUR WORK  
**PROCESS**

# How We Work Together to Reach Your Goals

Turning Concepts into Reality, Together

## Understand

Understanding your vision, goals, challenges.

## Strategy

Crafting a roadmap with creativity, insights.

## Design & Build

Designing and building user focused solutions.

## Launch

Ensuring smooth rollout with seamless integration.

## Growth

Partnering post-launch to maximize your results.

## Long-term Allies

We're in it for the long haul, not just a one-time project. Building deep, lasting relationships allows us to truly understand and anticipate your needs. Beyond being just a service provider, we become an extension of your team, ensuring that our solutions continually resonate with your brand's evolving journey

## Holistic Excellence

We don't believe in silos. By looking at the bigger picture, our holistic approach ensures every aspect of your project is cohesive and resonates with your audience. From strategy to execution, we amplify results by ensuring that all facets of our service work harmoniously towards your goals.

## Collective Journey

Your success is our success. From the initial brainstorm to the final implementation, we work hand in hand, celebrating every milestone and navigating challenges together. This collective journey ensures that every decision made is a shared triumph.

## Continuous Evolution

The digital landscape is ever-evolving, and so are we. Through continuous learning and a commitment to evolution, we ensure our solutions are not only relevant today but are poised to meet the needs of tomorrow. Always improving, we're ready for whatever the future holds.

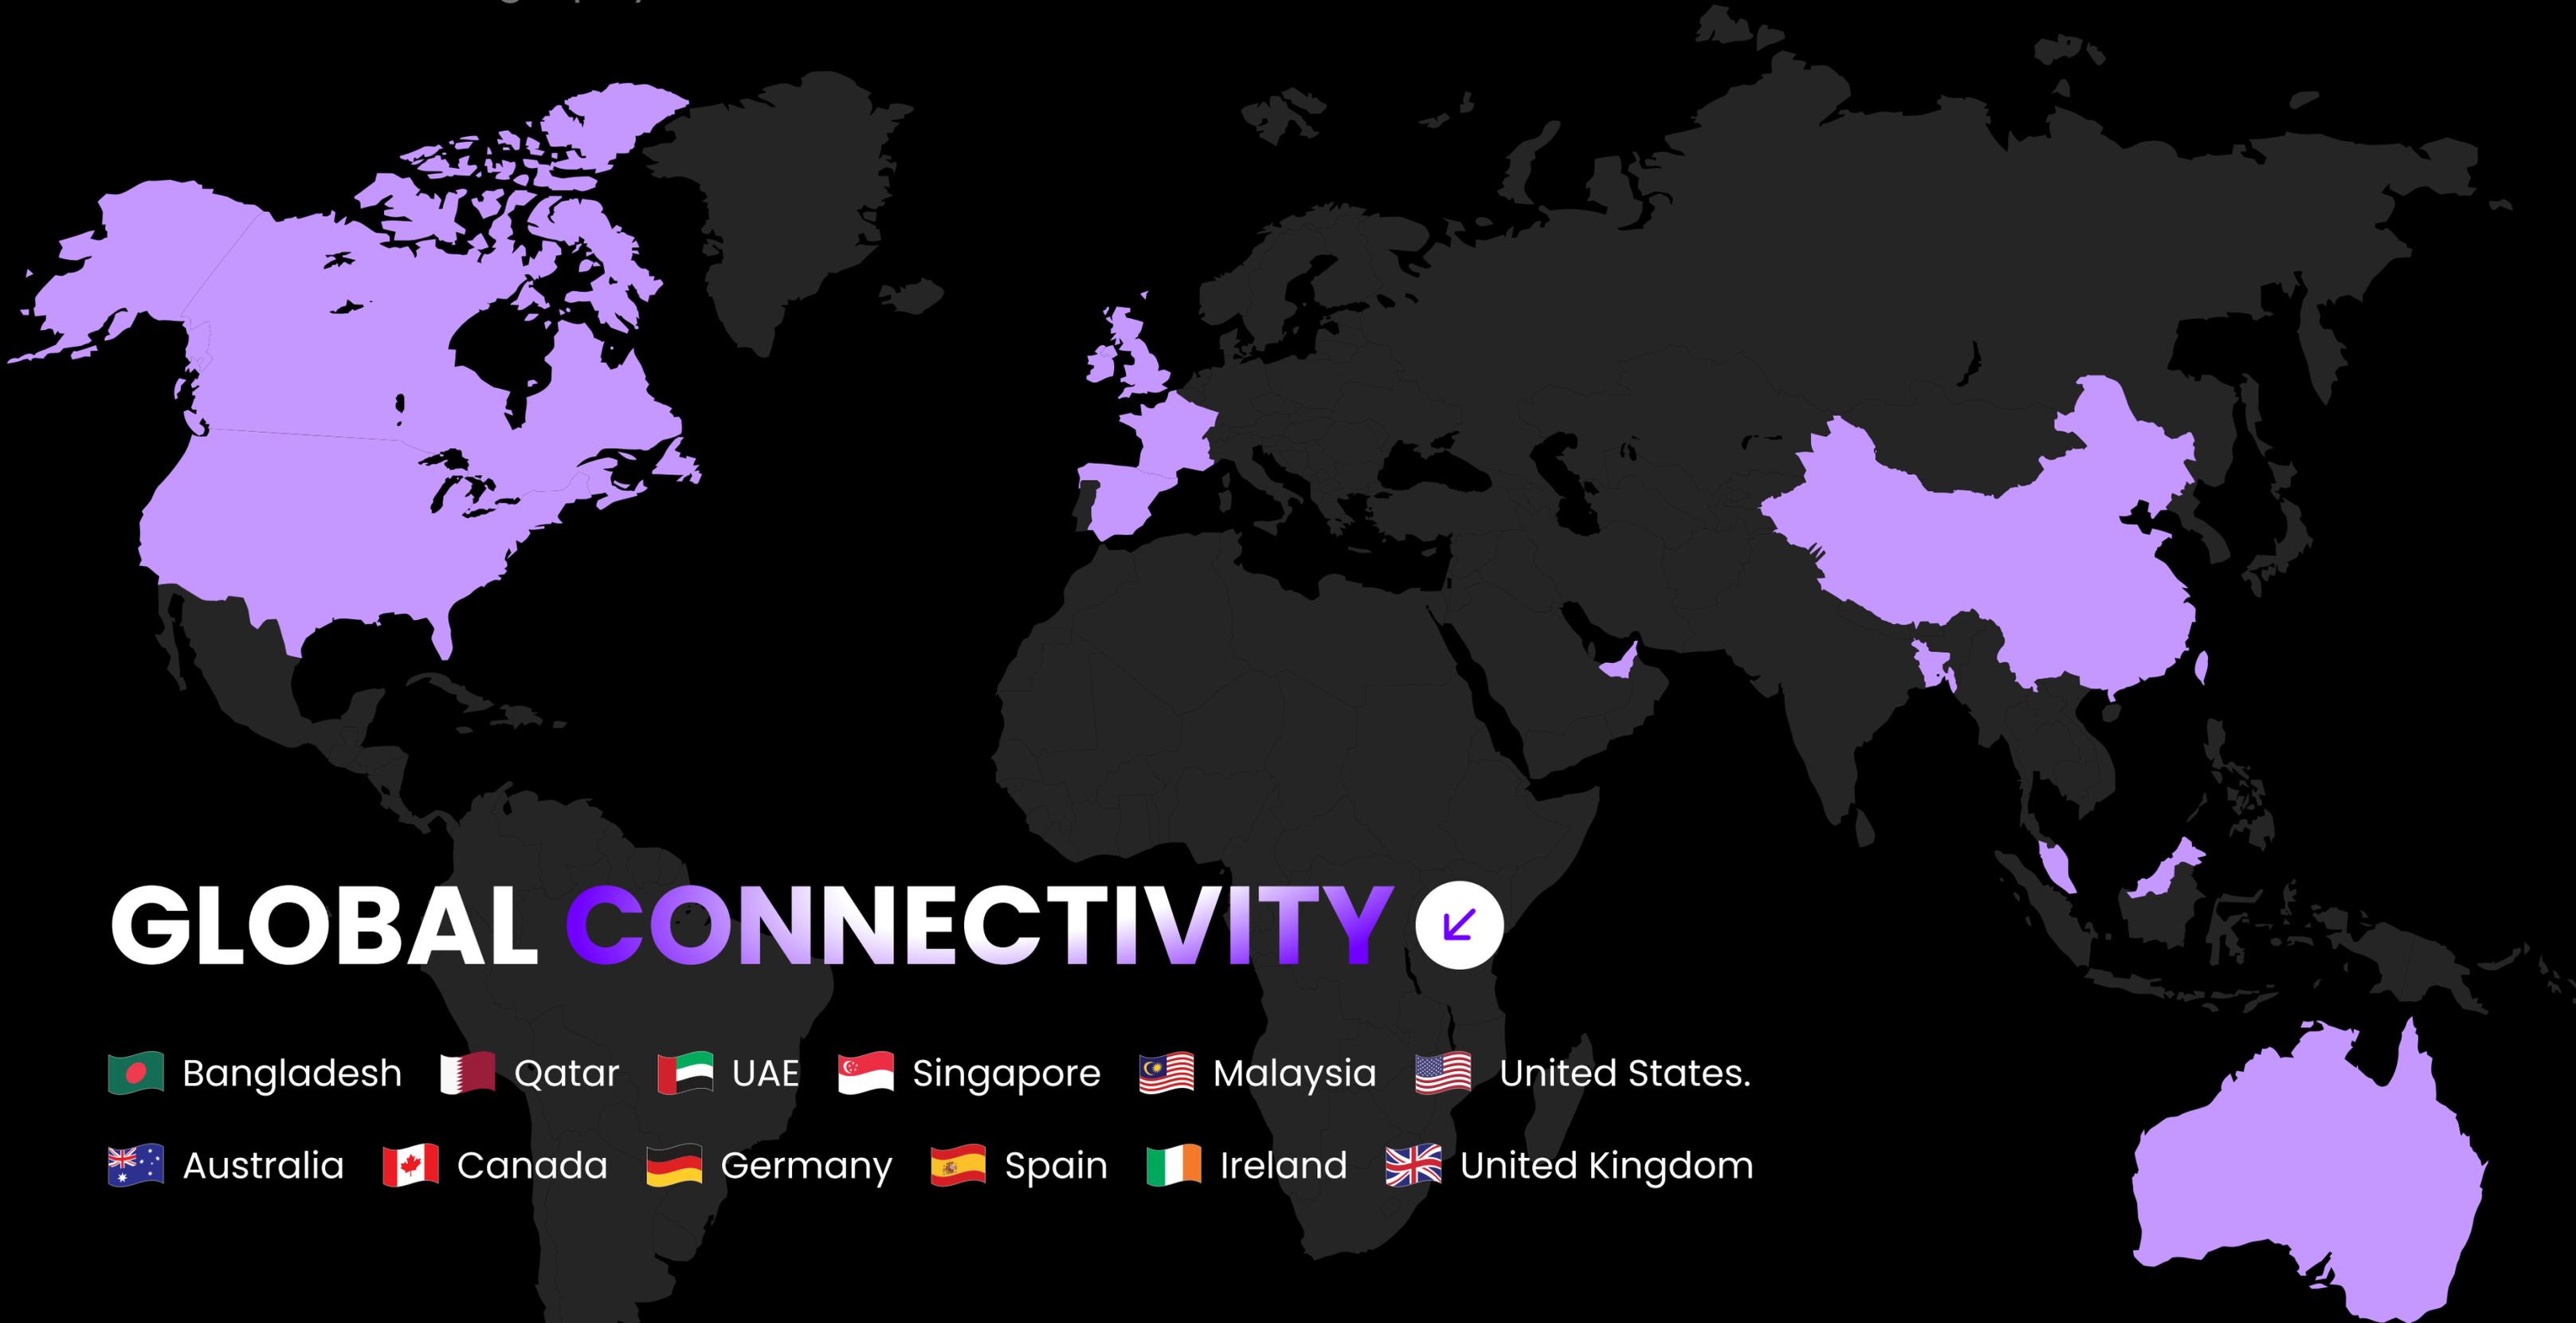

## Adaptive Retainers

As your brand grows and evolves, so do our services. We understand that change is the only constant in the business world. Our adaptive retainer model ensures we're always in step with your needs, providing you the agility to pivot and capitalize on new opportunities.

## Creative at our Core

Creativity is in our DNA. It's not only about sparking visual delight and telling compelling brand stories, but about seeking opportunities where others might see roadblocks. Our creative approach consistently finds avenues to address genuine human needs, ensuring we'll always pave a way forward, no matter the challenge.

## LearnHub

LearnHub is an online learning platform designed to deliver a smooth, engaging, and accessible learning experience. It helps learners explore courses, track progress, and learn at their own pace through a clean and intuitive interface.

## Industry

E-learning / EdTech

## Timeline

September 2025 - December 2025

## Service we provided

- UX Design
- Web UI Design & Development
- Branding

# Background

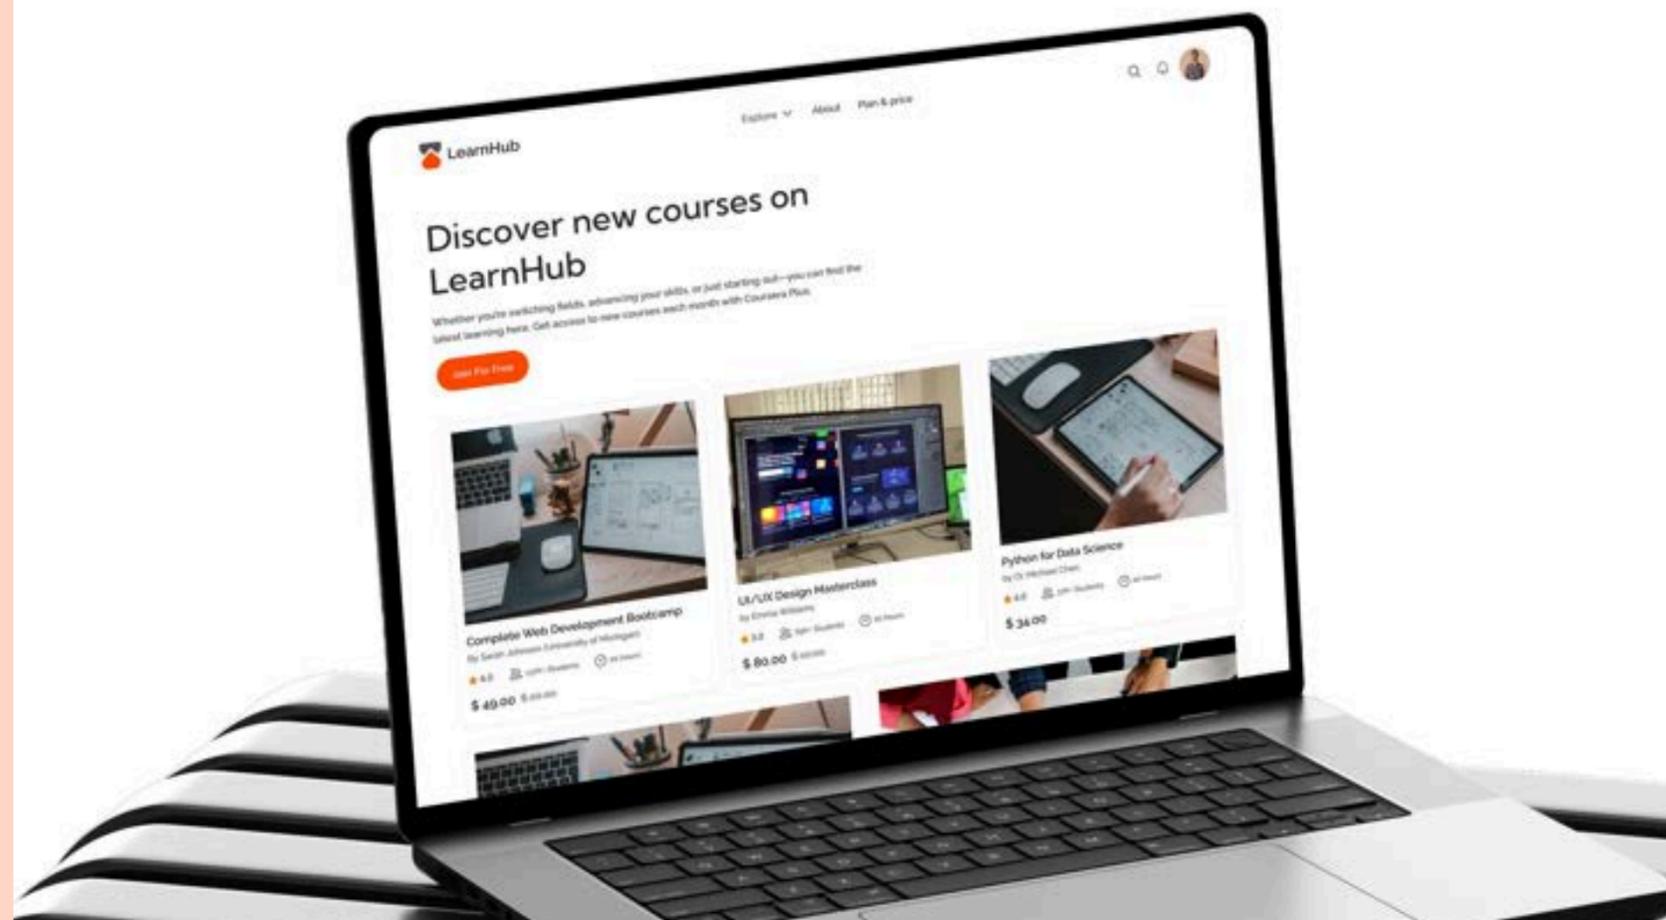

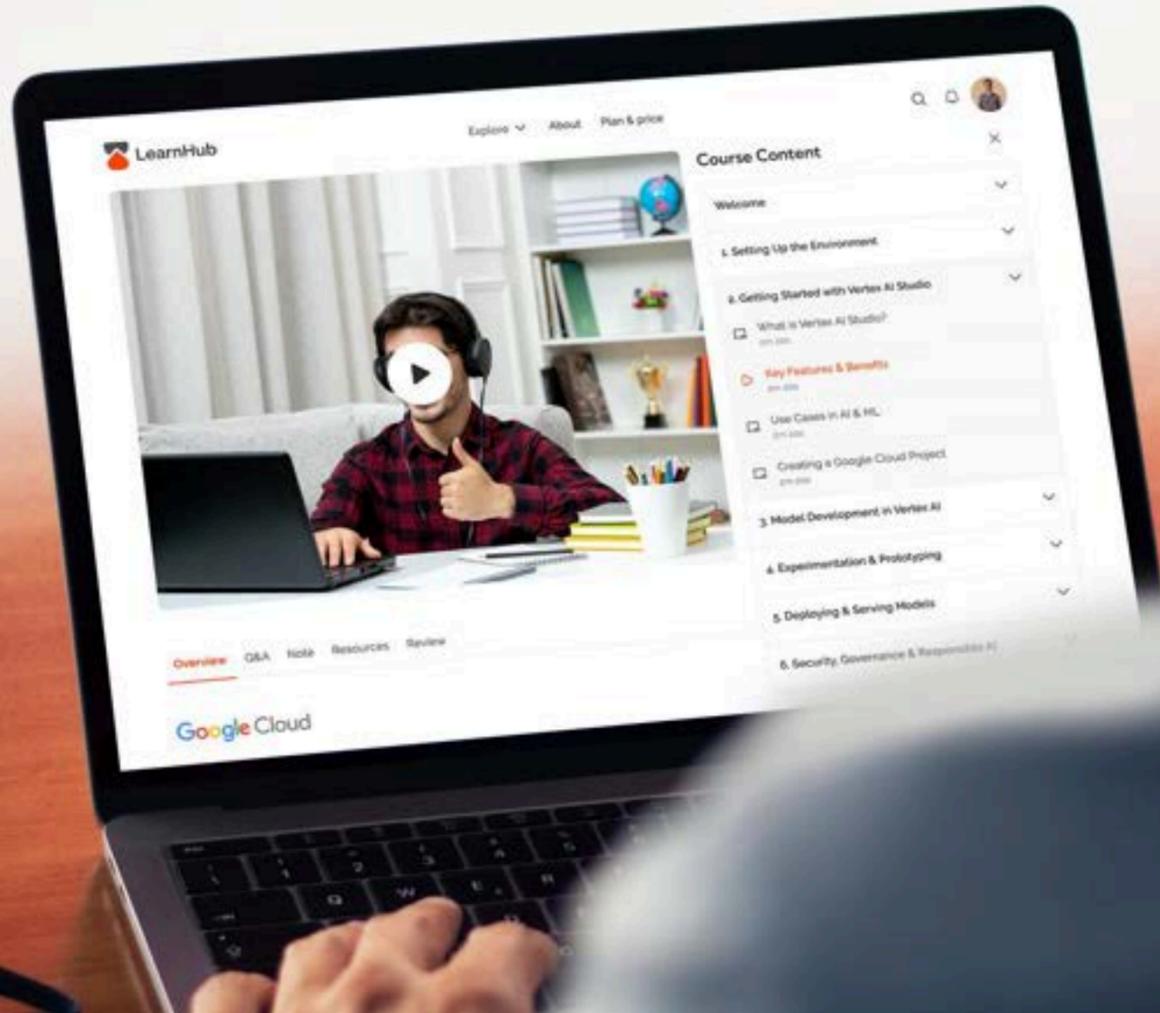

Online learning is growing fast, but many platforms feel complex and difficult to use. LearnHub focuses on clarity and ease, making learning more approachable for everyone.

# The Problem

Cluttered layouts, unclear flows, and low engagement make learning platforms hard to use and reduce motivation for learners.

# The Solution

We designed LearnHub with a user-first approach, creating clean visuals and smooth interactions that make learning simple, focused, and engaging.

# Rydo

The Ride Sharing Mobile Application was designed to provide users with a safe

## Rydo

Rydo is a ride-sharing mobile app designed to make everyday travel fast, simple, and reliable. The platform connects riders with nearby drivers through a smooth, intuitive mobile experience.

## Industry

Ride-Sharing / Mobility

## Timeline

April 2025 - July 2025

## Service we provided

- UX Design
- App Design
- App Development

# Background

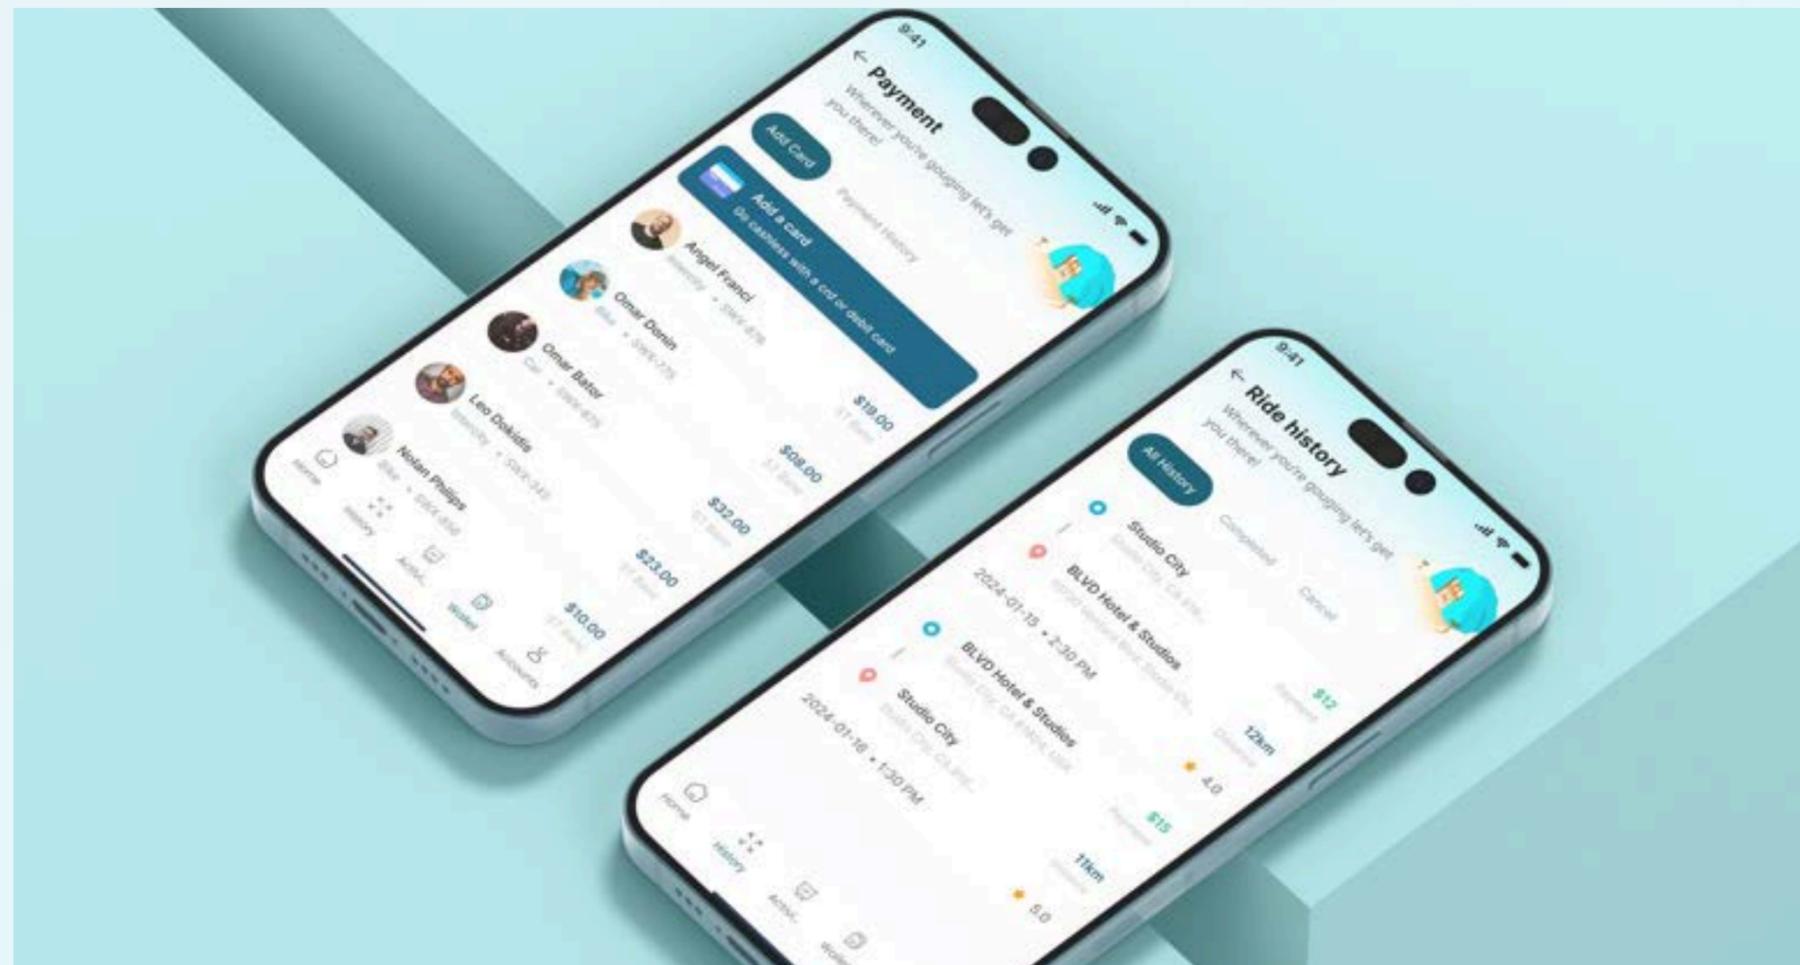

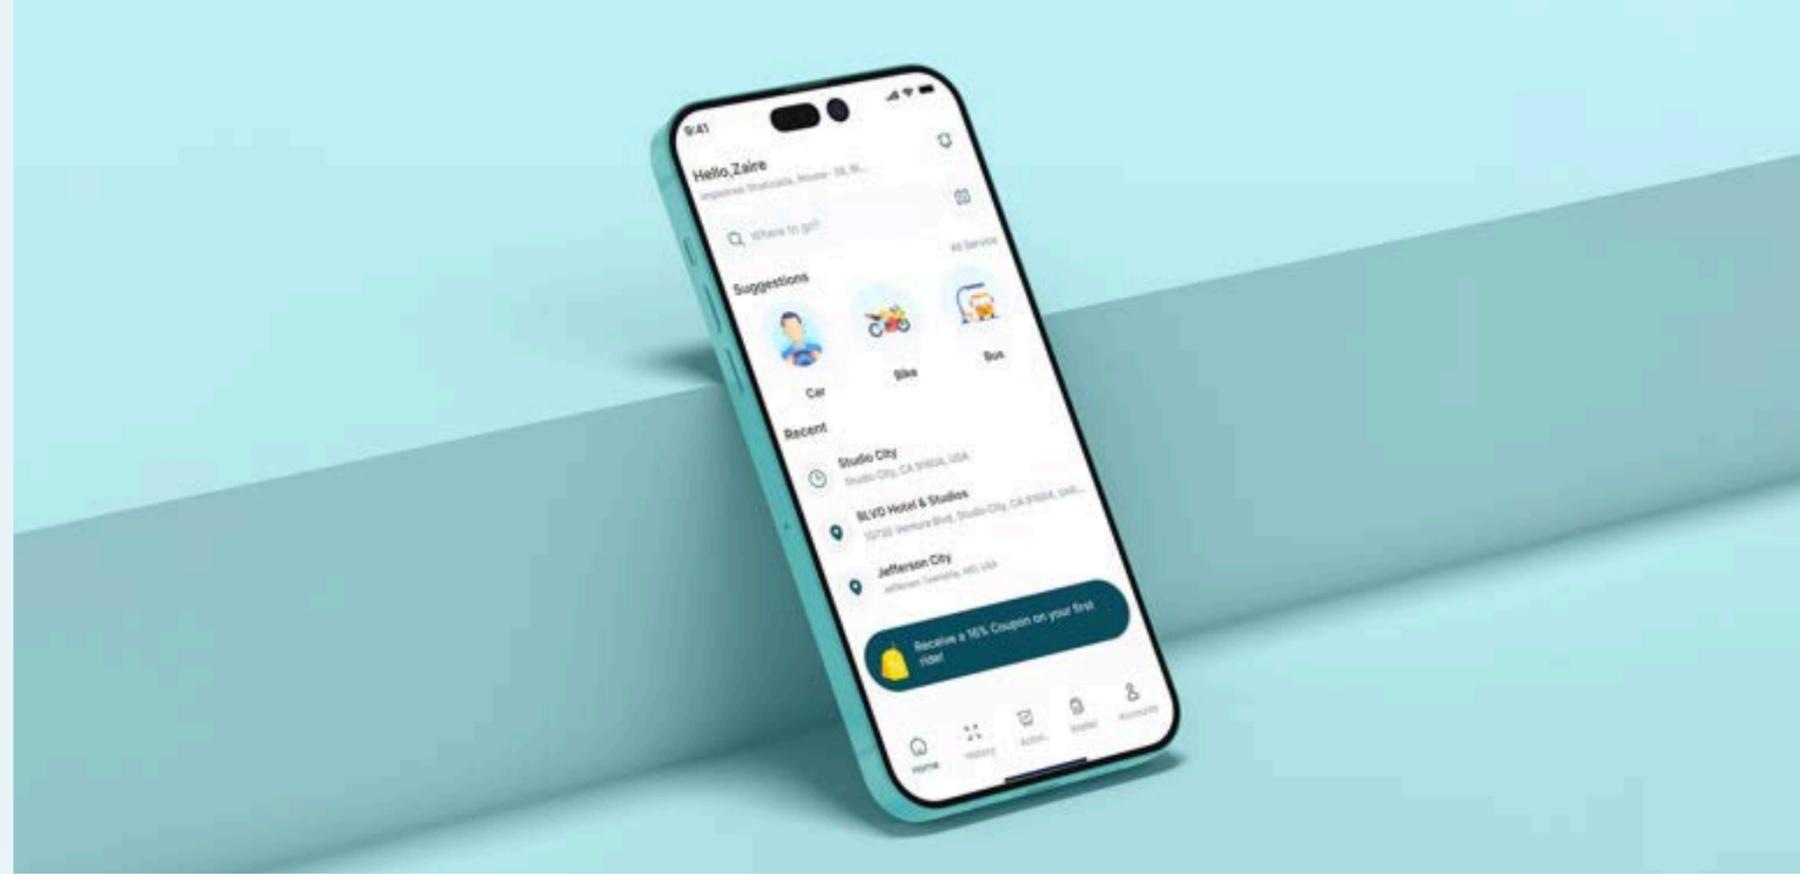

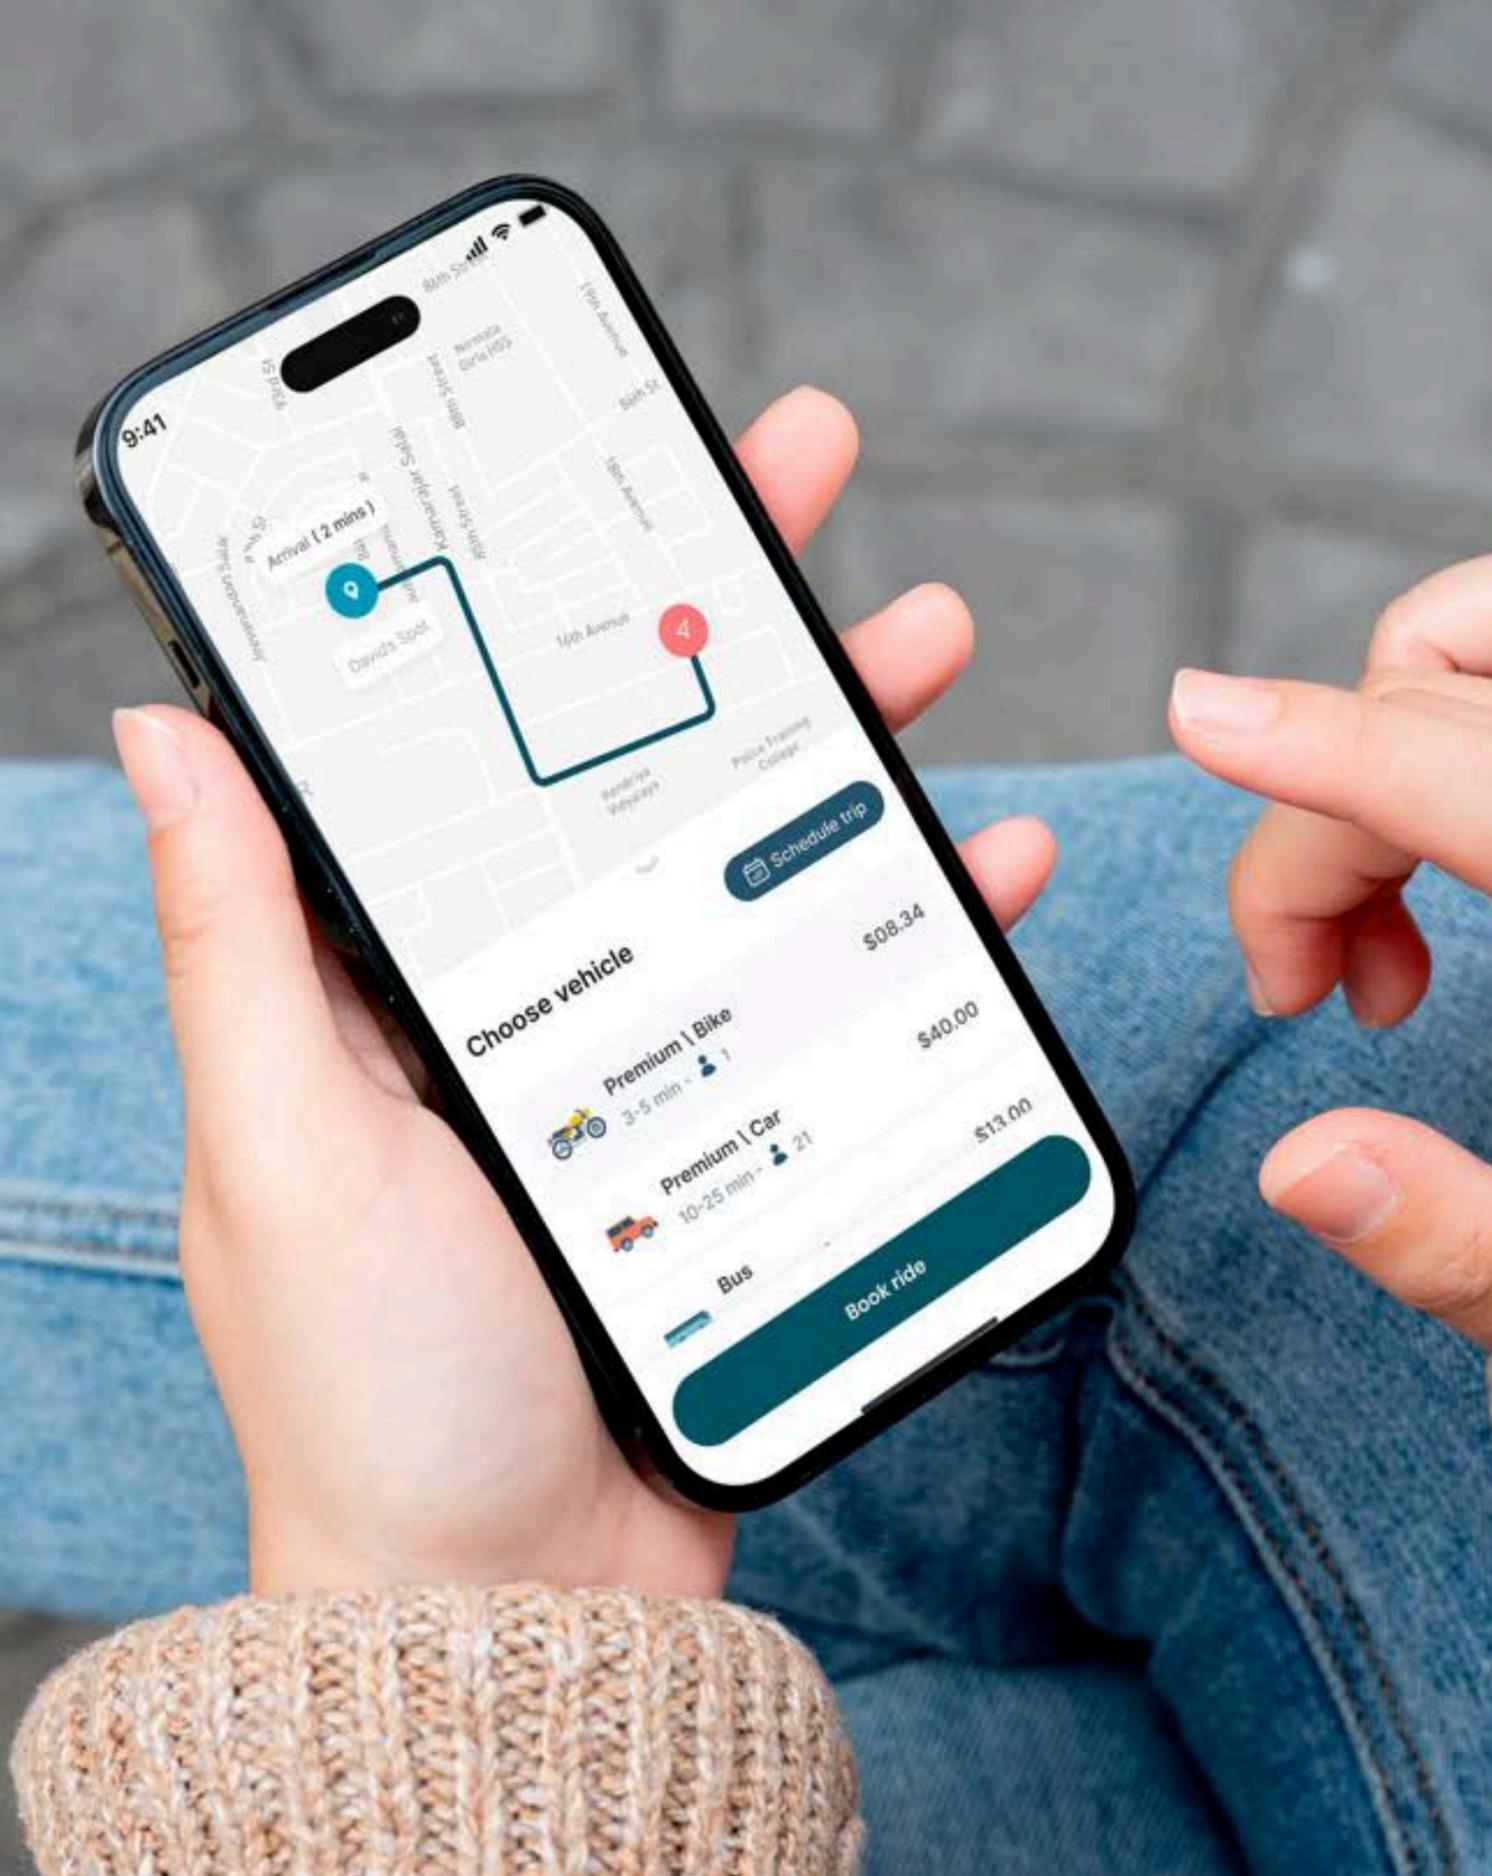

Ride-sharing is growing rapidly, but many apps feel cluttered and slow. Rydo was built to offer a cleaner, faster, and more user-friendly experience for riders and drivers.

# The Problem

Complex booking flows, unclear navigation, and delayed feedback often create frustration for users and reduce trust in ride-sharing apps.

# The Solution

We designed Rydo with a mobile-first, user-centered approach—focusing on clarity, speed, and smooth interactions. The result is a simple, reliable app that makes booking and managing rides effortless.

## Lustrely

Lustrely is an e-commerce platform designed to elevate the online jewelry shopping experience. The platform showcases products with clarity and elegance, creating a seamless path for browsing, discovery, and purchase.

## Industry

E-commerce / Jewelry

## Timeline

May 2025 - August 2025

## Service we provided

- UX Design
- Website UI Design
- E-Commerce Development

# Background

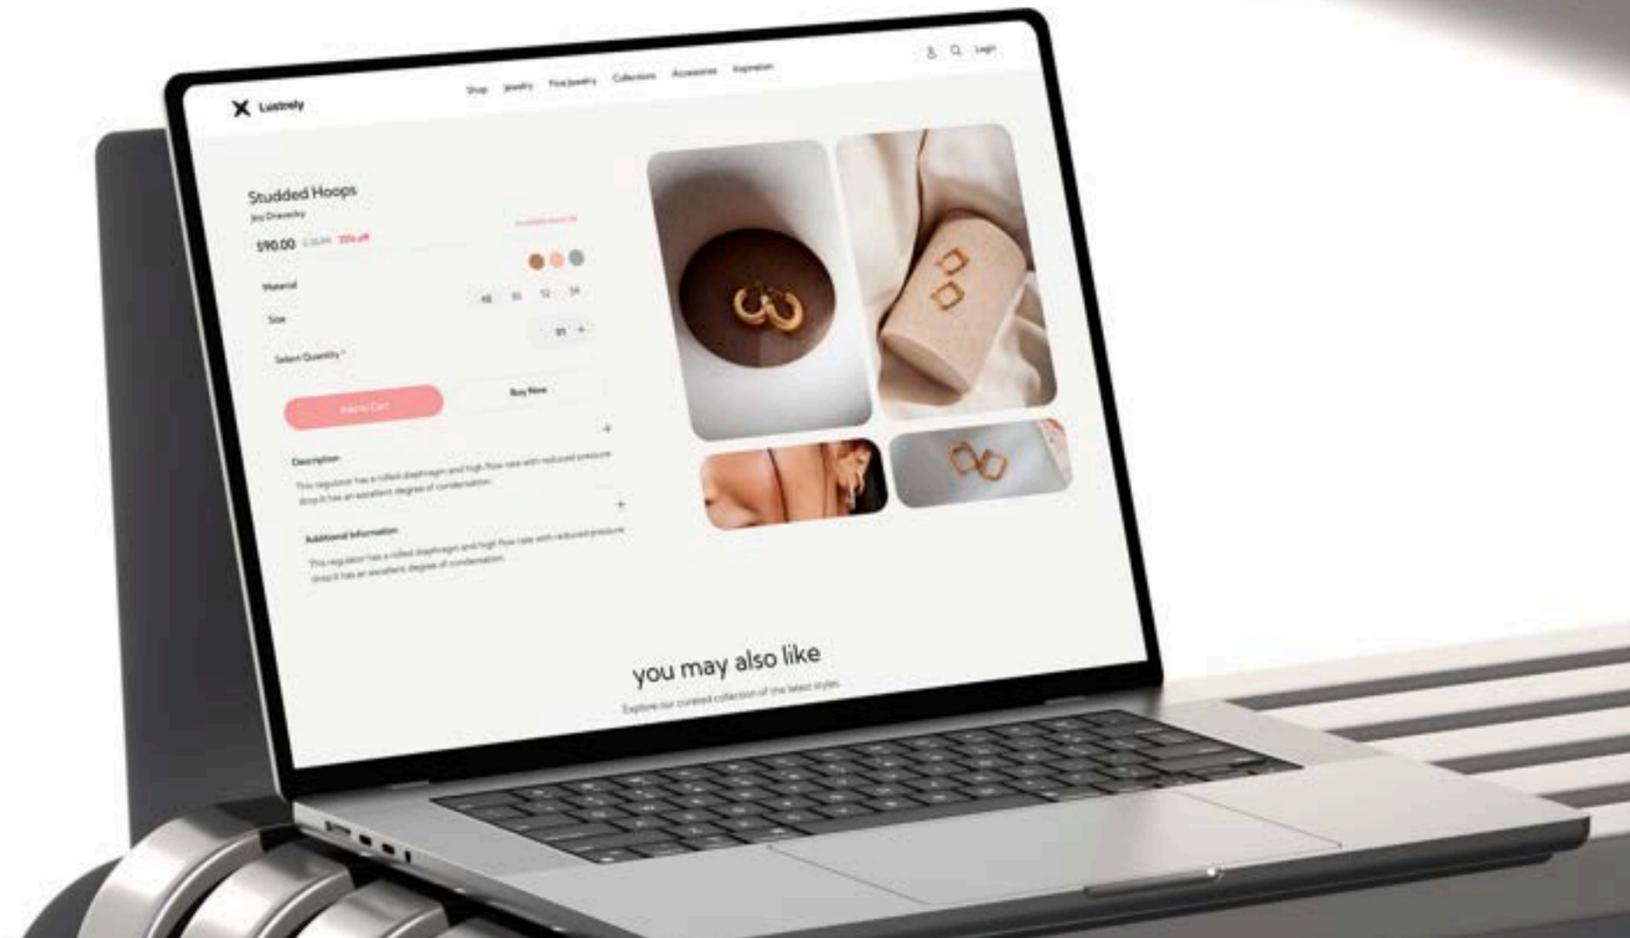

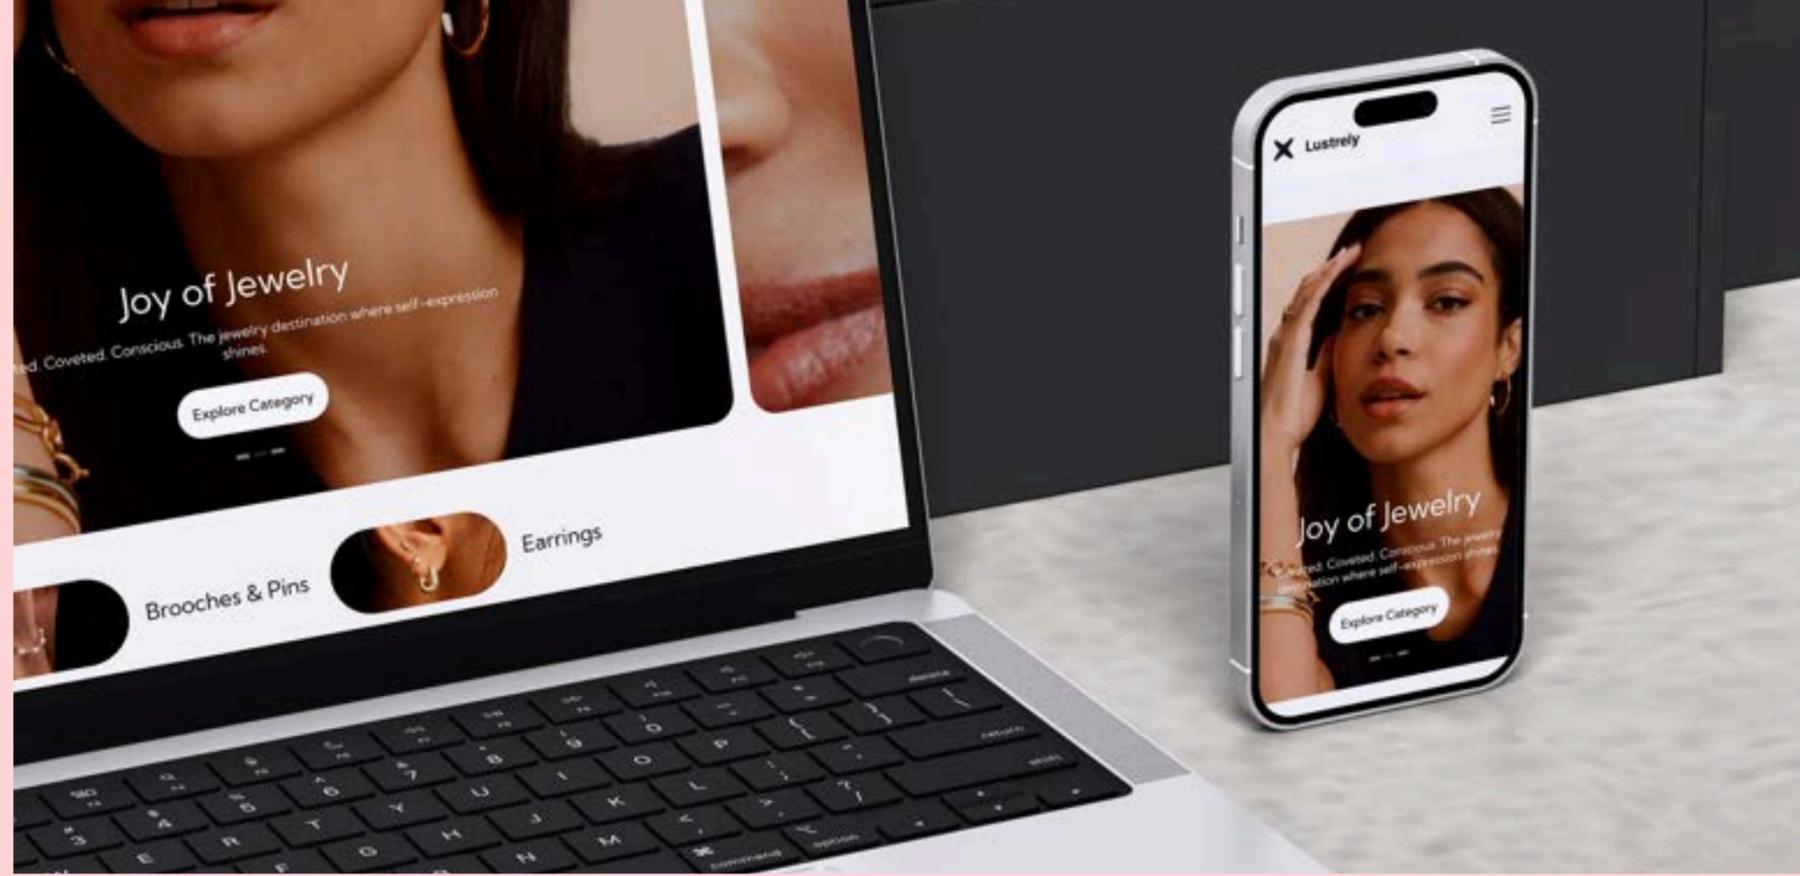

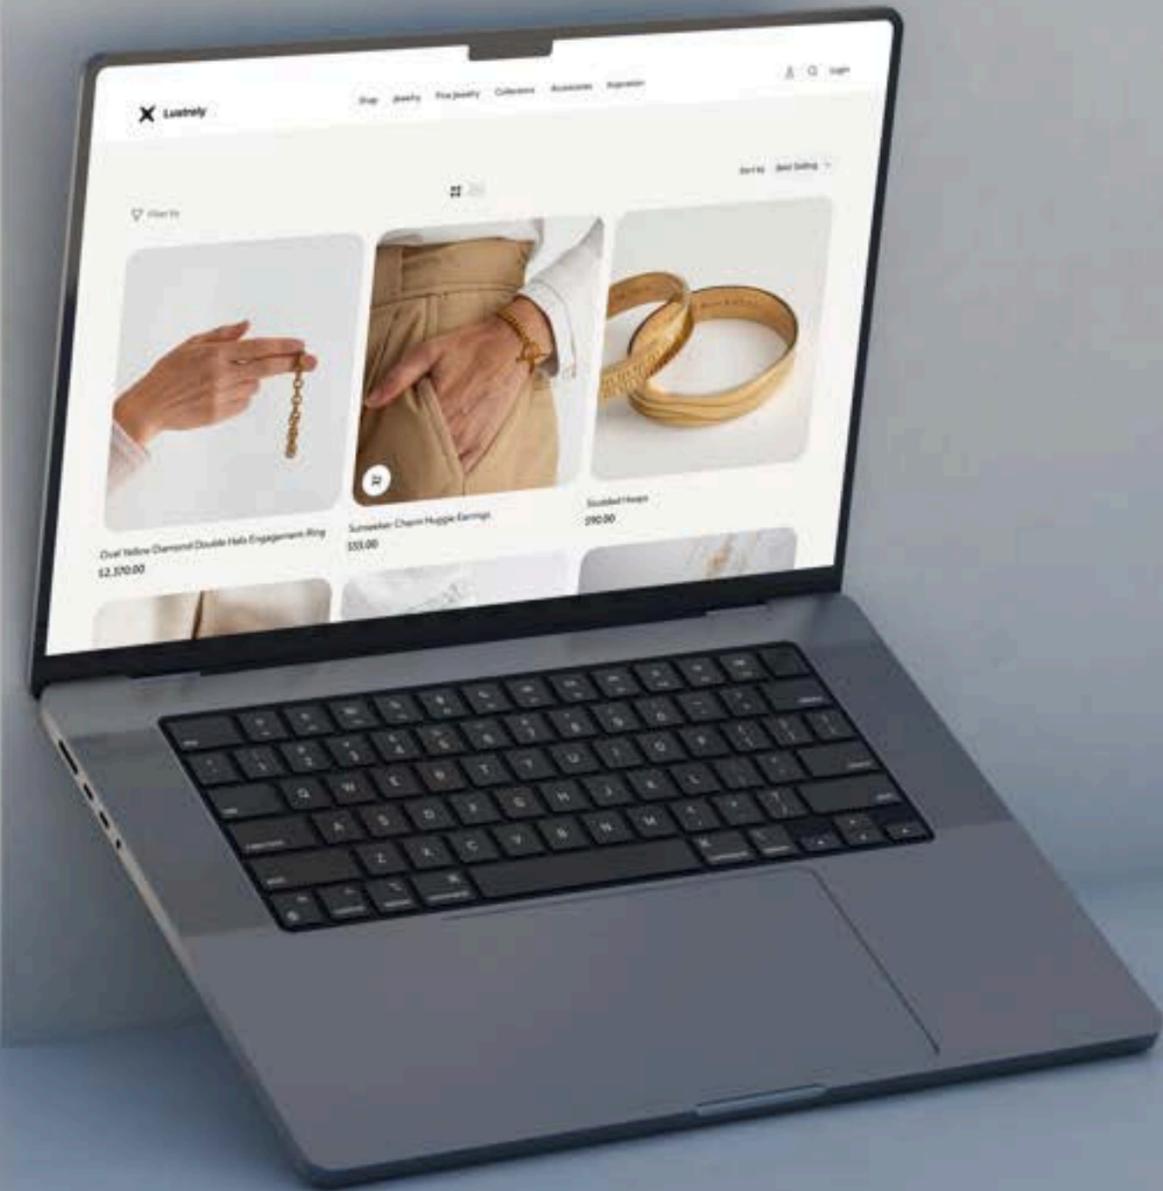

Online jewelry shopping often feels overwhelming due to cluttered layouts and unclear product experiences. Lustrely was created to bring simplicity, beauty, and confidence into the buying journey.

# The Problem

Complex interfaces, poor organization, and long checkout flows can distract users and reduce sales on many e-commerce sites.

# The Solution

We designed Lustrely with a clean, product-first layout and smooth interactions. The platform highlights key items, guides user focus, and ensures a streamlined shopping experience that feels both elegant and effortless.

# EVERYDY

EVERYDY was built as a full-stack mobile application paired with a robust backend service.

# EVERYDY

## EVERYDY

EVERYDY is an on-demand food delivery app designed to bring meals to users quickly and conveniently. The platform connects users with local restaurants through a seamless mobile experience that prioritizes speed, clarity, and ease of use.

## Industry

Food Delivery / On-Demand

## Timeline

January 2025 – April 2025

## Service we provided

- UX Design
- Mobile App Design
- App Development

## Background

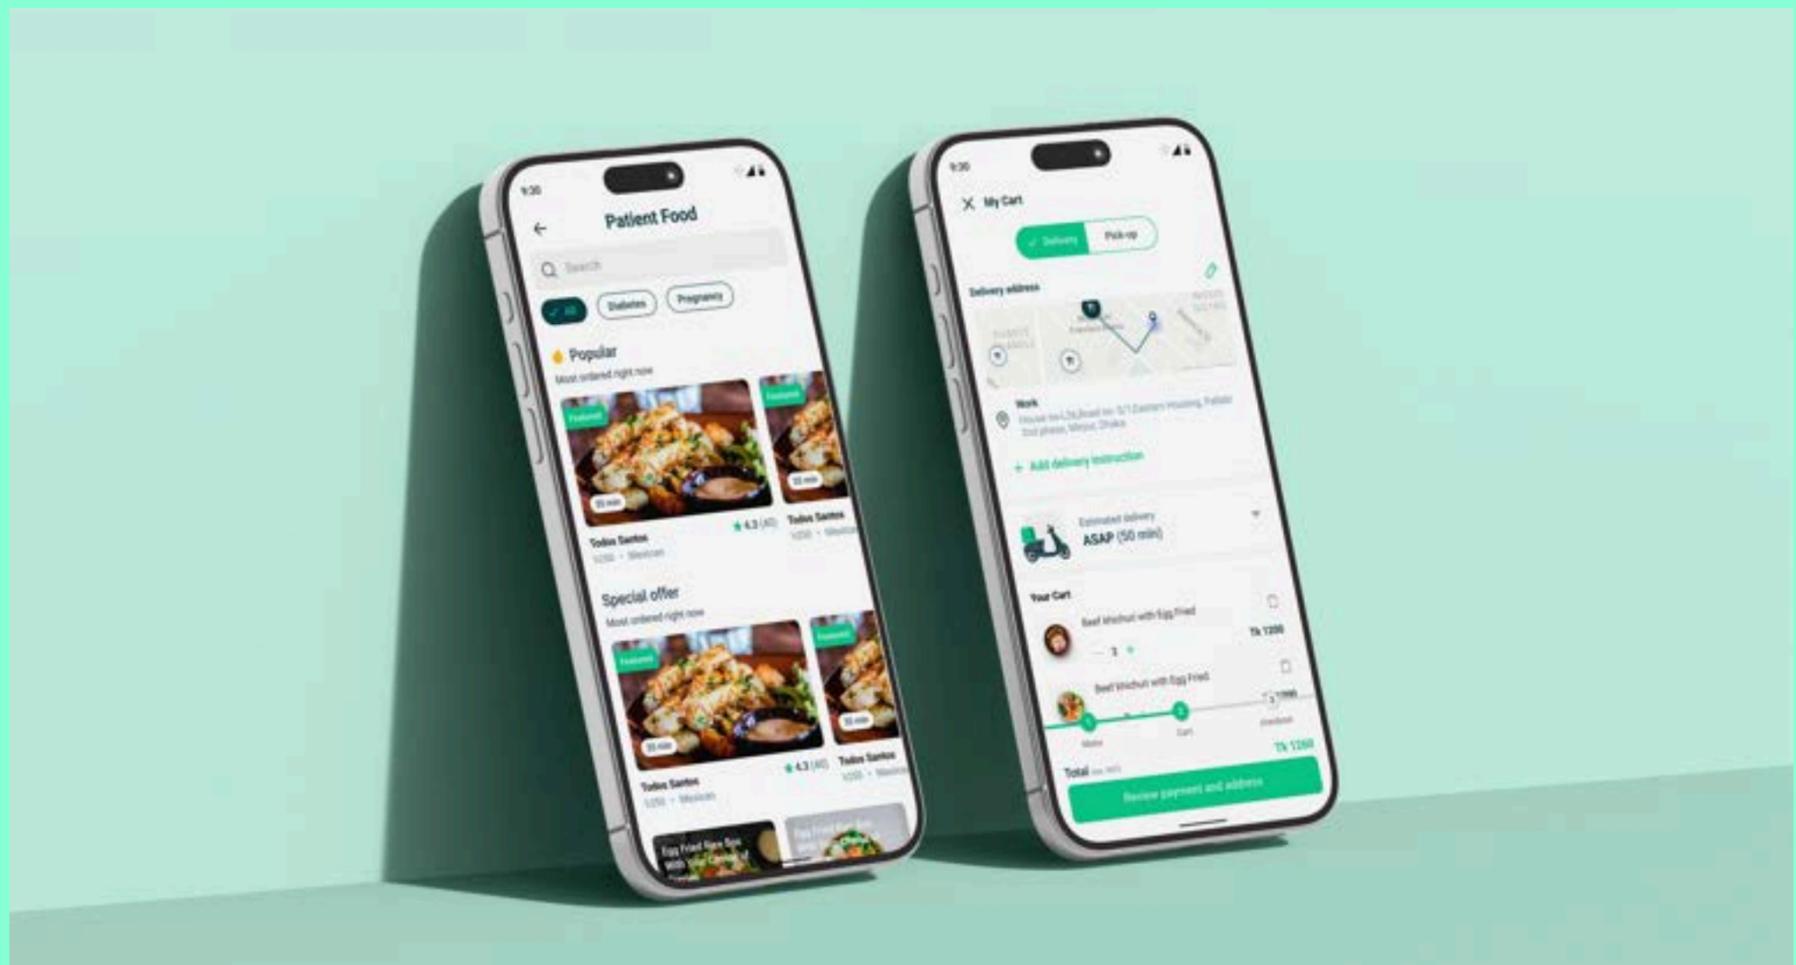

With rising demand for quick food delivery, users expect apps that are simple, fast, and reliable. EVERYDY was created to offer a streamlined and enjoyable ordering experience for everyone.

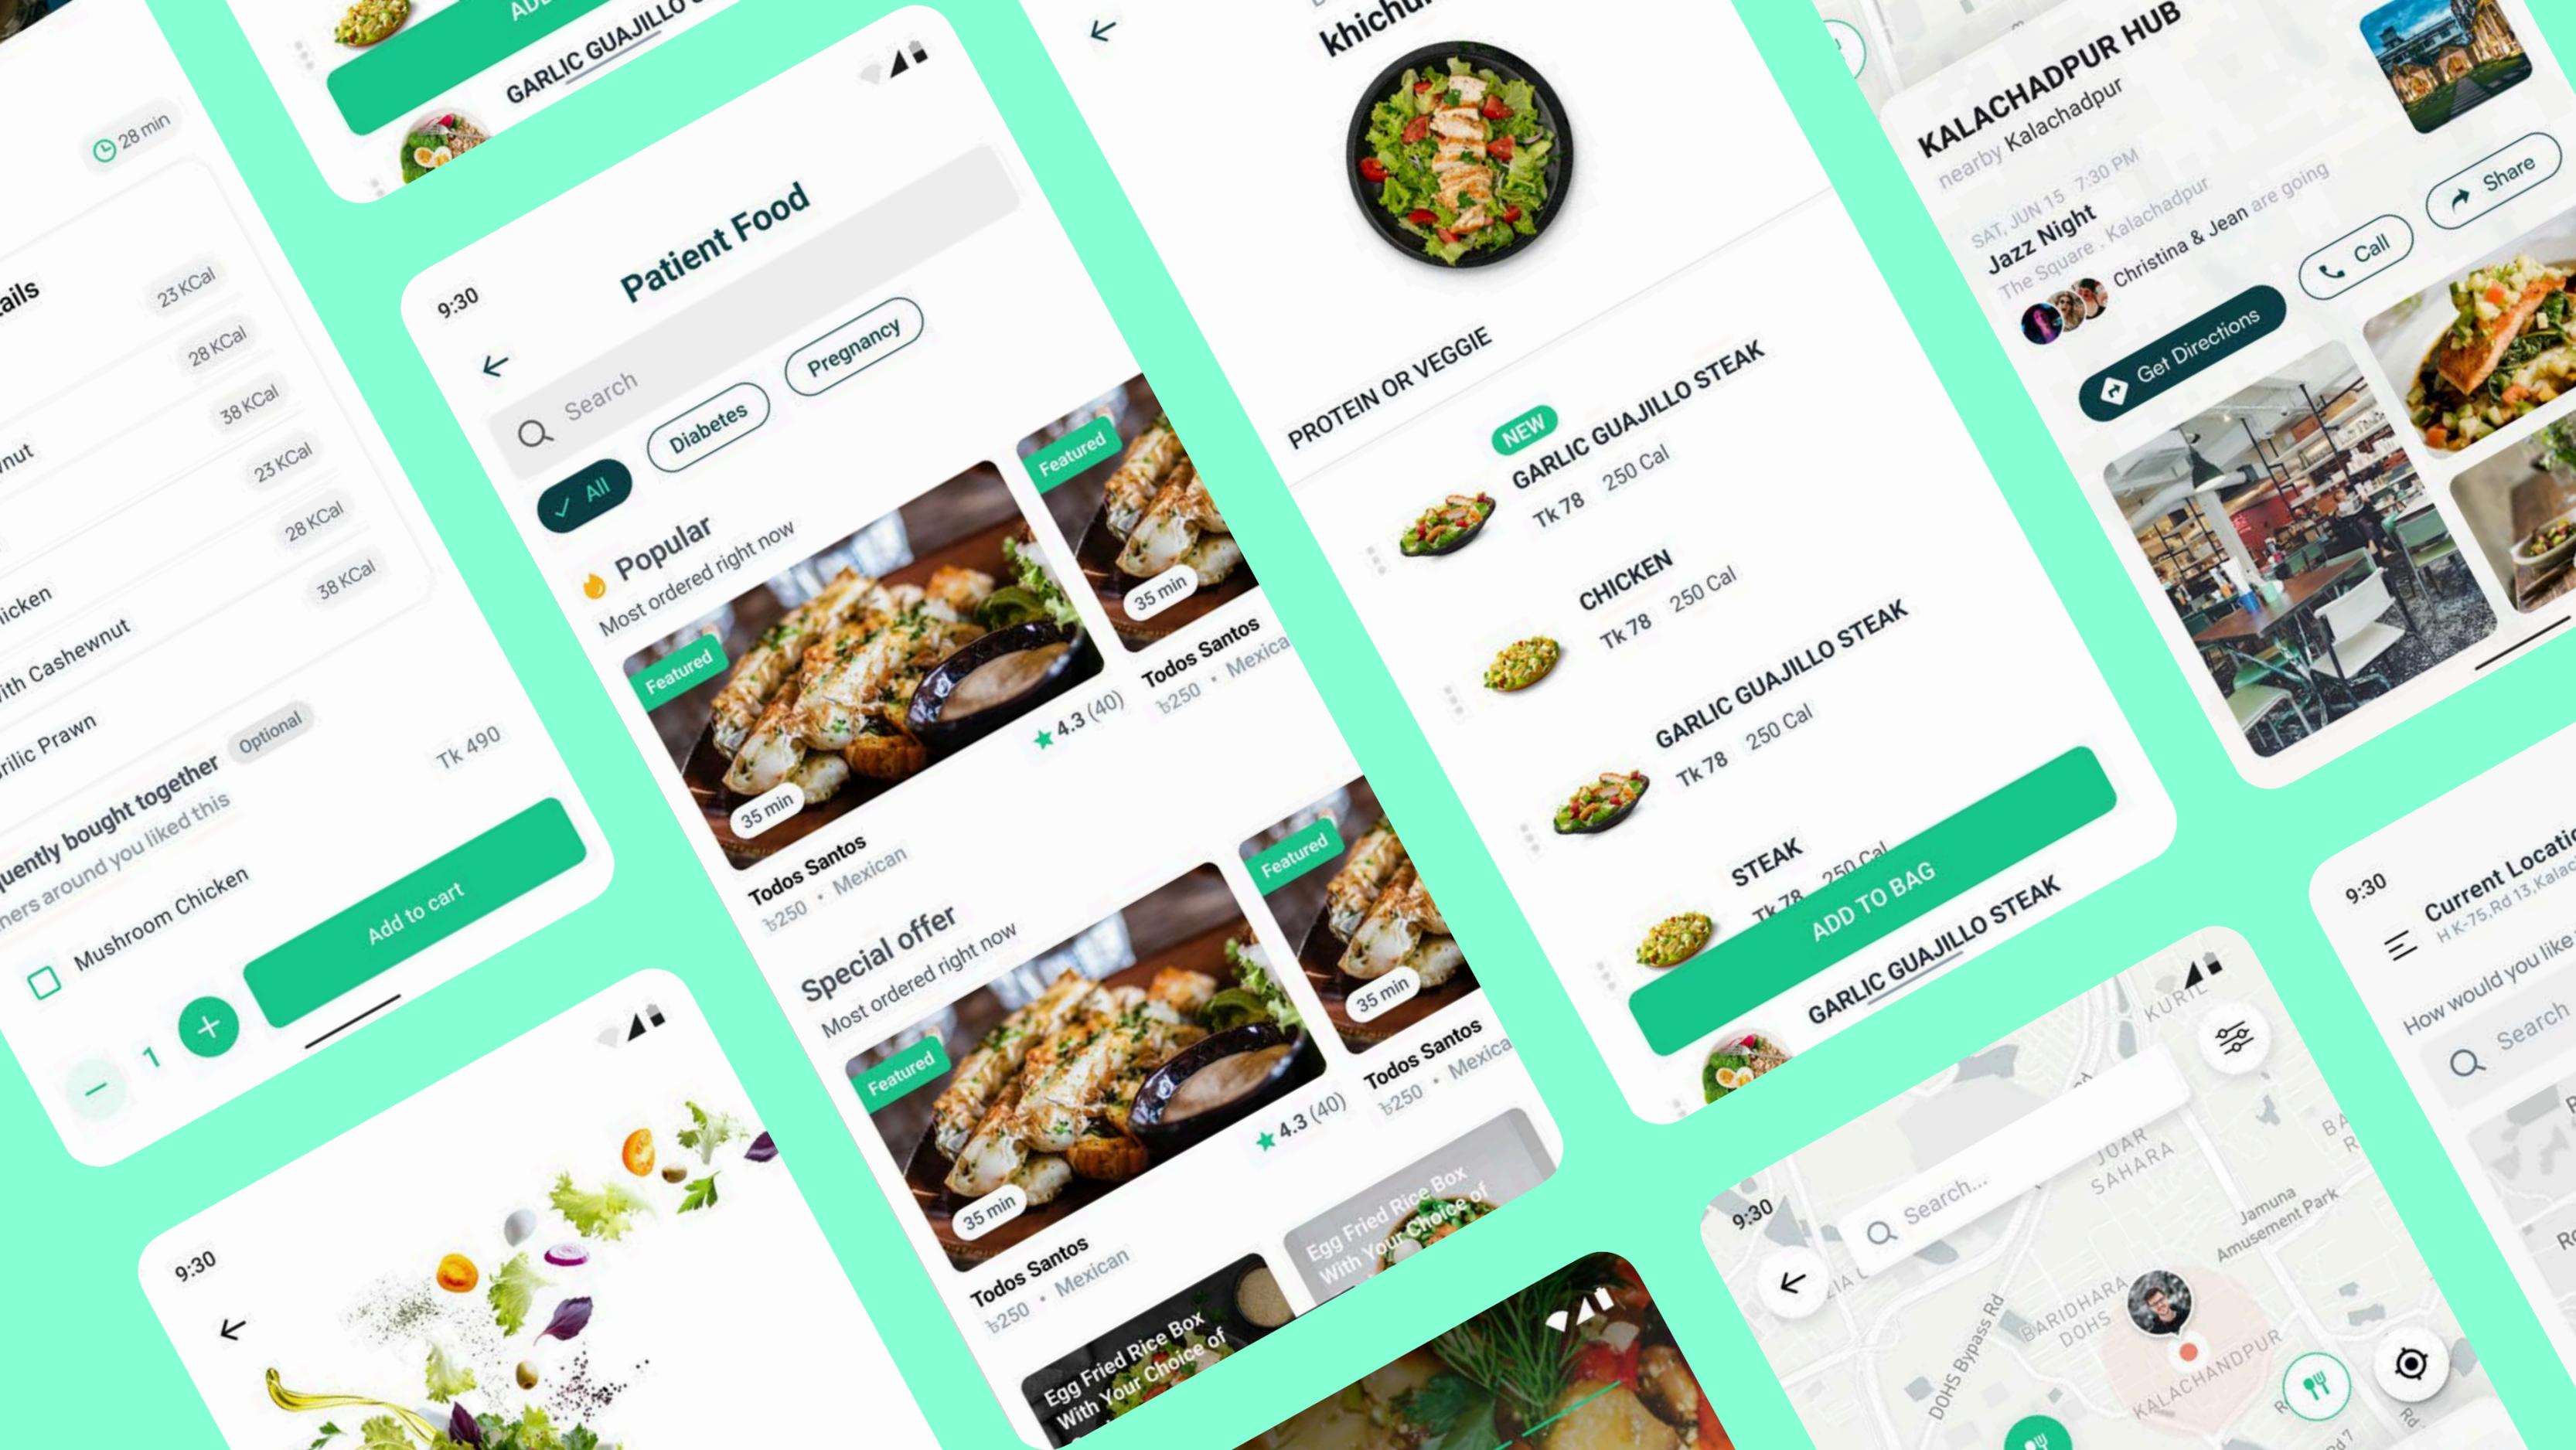

## The Problem

Many food delivery apps struggle with crowded layouts, confusing flows, and slow interactions, leading to frustration and abandoned orders.

## The Solution

We crafted EVERYDY with a user-first approach, optimizing each step from browsing menus to placing orders. Clear visuals, intuitive navigation, and smooth interactions make ordering food effortless and enjoyable.

WE'RE A  
**COMPANY**

At Aptitude Digital, we embrace your ideas and turn your goals into impactful digital solutions.

We take the time to understand your vision, exploring every detail to align our strategy, design, and technology with your objectives. By blending thoughtful planning, creativity, and modern digital tools, we build solutions that not only meet expectations but deliver real value.

From concept to launch, we work as your trusted digital partner navigating complexity, refining experiences, and transforming challenges into opportunities. With a strong focus on innovation, quality, and growth, we support your success at every stage of the journey.

## Challenge Core Assumptions

At the heart of our journey lies this singular idea. We believe that by bravely questioning our own and our clients' assumptions about their brand, website, and product, we can uncover new solutions and ideas. While some might assume we could not run a thriving digital agency from a Croatian Island, we continue to challenge this particular assumption every single day.

## Focus and Determination

When we say yes to a project, it's because we truly believe in it. Our commitment means giving it our all, every time. If there's a way to improve, streamline or make something better, we'll pursue it, even if it means stepping out of our comfort zone. For us it's not about meeting expectations, it's about our determination to create something that truly resonates with people.

## Learning Through Doing

We approach every problem with an open mind, and sometimes finding the best solutions means taking the road less traveled. Embracing experimentation, venturing into the unknown, or even stumbling occasionally is all part of the process. Because every step, even the missteps, deepens our understanding and hones our craft. Learning by doing—it's how we grow.

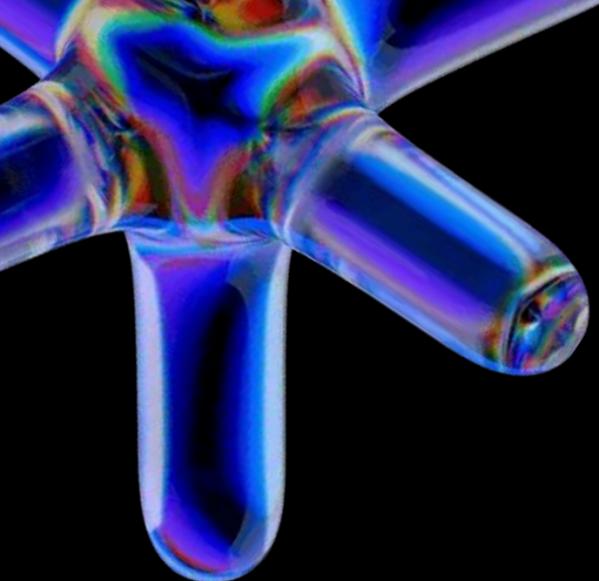

## Listen Smart

We take an open-door approach to communication, with both our clients and each other. Every voice is important, and we're never too busy to listen. To us, listening smart goes beyond just hearing words—it means understanding without barriers of ego, being mindful to perspectives and insights, and always being open to change and growth.

Inspired by what you've seen?

Let us do the same for you!
